CANVAS BABY

November 29th 2009 @ KiFF Aarau

For their fifth anniversary the Pussiesparadise Crew, invited 11 artists to the legendary KiFF in Aarau. Each of the creatives, got a one-squaremeter big canvas, that had to be done before dinner. Cheers.

Five years ago the cool and likeable crew, with the strange name „Pussiesparadise“ started their art mission. A handful of good friends began to make the streets more colorful. Today, besides their smooth blog with high-class photos, the creative label runs a small streetwearbrand. Check out their website, pussielovers!
